

Messing with my mind

(Lyrics: RH Weber music: RH Weber/E Java/F de Jong/G van der Kolm)

I had to leave it alone
To open up the inside
Like a weight of mind
Had to try and get it right
You...you said the same thing
But I misread the signs
And after all these years
You're still....still messing with my mind
Messing with my mind

We got all...all our answers
We crossed that borderline
There aint no returning
To some other time
So tired of feeling
All this sadness inside
And after all of these years
You're still.....still messing with my mind
Messing with my mind
Messing with my mind
Messing with my mind

I got what I wanted
Found what I searched for
You said the same thing
But you never closed that door

I had to open up my eyes
To see all that was going on
Think about the rest of my life
And realize just what you've done
But you...you don't understand it
And you don't know place and time
And after all of these years
You're still.....still messing with my mind
Messing with my mind
Messing with my mind
Messing with my mind
You'll never admit it but you have been
Messing with my mind
All these years
Messing with my mind
I can't believe
Messing with my mind
Such a fool
Messing with my mind
