

## Bluesified

(lyrics: RH Weber/music: RH Weber/performed by King of the World)

You live your life like I'm no part of it  
You know just how to bring me down  
You got you're way of showing how you really feel  
You always keep me circling round

It's like I can't control  
Which way we're gonna go  
You don't even seem to care

I try to open up what's really closed inside  
And there's no way to find a key  
Cause you're so far away in some different time and place  
Where I will never be for real

You play a different game  
That I am about to loose  
It just don't matter what I do  
I've opened up my eyes  
And finally realized  
You don't know what you put me through

I've been losing my mind  
Time after Time  
Trying to make a wrong go right  
I've been wondering why  
Me myself and I  
I think I just got Bluesified

You don't know how feels  
To be so all alone  
When there is someone by your side  
Someone you can't control  
No matter how you try  
It don't matter how you try

I've been losing my mind  
Time after Time  
Trying to make a wrong go right  
I've been wondering why  
Me myself and I  
I think I just got Bluesified
