

Evil thing

(lyrics: RH Weber/music: RH Weber/E Java/F de Jong/G vd Kolm/performed by King of the World)

You have got me wondering
Wondering what it is that you do
You've been lying and cheating
You've been crying and weeping
I'm so fed up with you
You're such an evil thing
Messing with my mind again

Tell me what's wrong with you baby
Can't you be satisfied?
Always running around
Looking all over town
Trying to get a better deal

You're such an evil thing
Messing with my mind again
Just when I thought I was over you
You come sweet talking me again
Such an evil thing
Such an evil thing

Ain't that something baby
Nothing's ever good enough for you
I gave you everything and just a little bit more
What else can I do

You're such an evil thing
Messing with my life again
Just when I thought I got rid of you
You come creeping around again
Such an evil thing
Such an evil thing

You have got me wondering
Wondering what it is I have done
I should have realized so many years before
That all you ever do is wrong

You're such an evil thing
Messing with my mind again
Just when I thought I was over you
You come sweet talking me again
Such an evil thing
Such an evil thing
