

Number One

(lyrics: RH Weber/music: RH Weber/E Java/F de Jong/G vd Kolm/performed by King of the World)

I've been out searching
Been running around
Trying to find you
Goin up and down
But I got a feeling
That you've had a change of mind
Now I feel like I'm lost in a Freddie King song
I'm getting second best and it's wrong
I only wanna be your number one

I was the one
To chase the other away
When you told me
That you wanted me to stay
My freind saw you
With the other man in town
Now I feel like I'm stuck in a Freddie King song
I'm getting second best and it's wrong
I only wanna be your number one

Please convince me
Of a different thruth
That you still want me
And that our love is true
You gotta tell me
That you didn't change you're mind
Cause I feel like I'm lost in a Freddie King song
I'm getting second
I feel like I'm stuck in a Freddie King song
I'm getting second best and it's wrong
I only wanna be your number one
