

Heart & soul

(lyrics RH Weber/music RH Weber, E Java, F de Jong, G vd Kolm)

Preacher says you gotta do this and you gotta do that
As if you wouldn't know yourself
Preaching from a book that's written thousands of years ago
Rewritten over and over again
You must be foolish to walk that line
Don't let them tell you how to live your life

Politicians make the rules and you better stick to them
Or they'll be coming after you
It's better for the system and it's better for yourself
You best believe that it's true
But who are these people deciding for you?
Don't let them tell you what to do

Gotta find your way with heart and soul
Find yourself and you will know
Nobody else knows better than you
Heart and soul

If I stand taller doesn't mean I make the rules
But that's exactly what they do
If I speak louder doesn't mean that it's the truth
But that is how the system works
Common sense is lost in the crowd
Running in circles never stepping out

Gotta find your way with heart and soul
Find yourself and you will know
Nobody else knows better than you
Heart and soul
Heart and soul
Heart and soul
Heart and soul
