

# Voodoo

(lyrics RH Weber music R Weber E Java F de Jong G vd Kolm)

When there's smoke in my eyes  
I get this feeling that something ain't right  
The rhythm draws me into  
A different world I never knew

You're playing with fire and I don't know what to do  
Now you can call it what you want.....

I call it voodoo  
I can't get away  
From what you do  
There's a fire burning deep inside my soul  
Voodoo

You're in control of my mind  
You got me thinking about it all the time  
I see your face right here  
Although I know you're nowhere near

You're burning candles and there's colors coming through  
Now you can call it what you want  
I call it voodoo  
You can call it what you want.....

Voodoo is a thing I can't explain  
Like a bad disease running around my brain  
It's like nothing I've ever felt before  
I feel so bad, I can't stand no more  
If you could see down deep inside  
The way I feel, I just can't describe  
Words can never get so close  
Like voodoo creeps inside your soul  
I call it voodoo  
I can't get away  
From what you do  
There's a fire burning deep inside my soul  
Voodoo  
I call it voodoo  
It is what you do  
There's a fire burning deep inside my soul  
Voodoo
