

Money

(lyrics RH Weber/music RH Weber, S Delbaere, G vd Kolm, F de Jong)

Money

Is a powerful thing

It can make you it can brake you

It makes your feel like a king

But when it comes to loving it's a stone cold fact

Lose your love

Money won't get it back (Money won't get it back)

It's a stone cold fact (Money won't get it back)

Money

Makes this world go around

When you've got plenty, you've got many

Knocking on your door

But when it comes to people it's a stone cold fact

Lose your friends

Money won't get it back (Money won't get it back)

It's a stone cold fact (Money won't get it back)

Money

Don't it make you feel sad

People lose their brain for a bit of fame

Then lose their self-respect

Cause when it comes to you it's a stone cold fact

Lose yourself

Money won't get it back (Money won't get it back)

It's a stone cold fact (Money won't get it back)

It's a stone cold fact (Money won't get it back)
