

Living with the ghost of the past

(lyrics: RH Weber - music: RH Weber/E Java/F de Jong/G van der Kolm)

She's got all I want and a little bit more
Everything that I've been searching for
Can't believe that this is true
She's got me wondering what I'm going to.....going to find when I get inside
All these years that I've been trying to hide
Don't know why I am holding back
It's everything I need and I'm right on track
It's everything I'll ever need

I got to burn them bridges is what she said
Burn them bridges before I go back
I got to keep on pushing is what she said
Living
Living with the ghost of the past

She says what is wrong with the things I do
Is it not enough for you?
I give all that I have inside
But you keep running and you try to...oh don't you try to run
I know exactly what is going on
You need me and I need you
It is time to tell me what you're going to do
Now tell me what you're going to do

I got to burn them bridges is what she said
Burn them bridges before I go back
I got to keep on pushing is what she said
Living
Living with the ghost of the past

I got to burn them bridges is what she said
Burn them bridges before I go back
I got to keep on pushing is what she said
Living
Living with the ghost of the past

I got to burn them bridges
I got to burn them bridges before I go back
I got to keep on pushing is what she said
Living
Living with the ghost of the past
