

Learn how to Cry

(lyrics: RH Weber/music: RH Weber/performed by King of the World)

I've been out walking and I've spent some time
Thinking about everything I had on my mind
I got to wonder about all I left behind
I was pushing it all away

It's all a mystery, so hard to comprehend
Like a change in the weather, you try to understand
What it is that you search for, you're hoping to find
While standing in your own way

It's like a natural way to deny
All that is hurting you way down inside
It's all that I've ever known and all that was mine
I had to find out and learn how to cry

I've been out searching and looking for love
In all the wrong places
I travelled the highway away from myself
Like I was deaf dumb and blind

But for some reason you find yourself again
In front of that mountain, a long lost friend
Will I belong here and not wonder why
I had to find out and learn how to cry

Fear is no longer holding me down
Cause I got nothing left to loose
I hope that I find you at the end of the line
I had to find out and learn how to cry
I had to find out and learn how to cry
