

Eyes wide open

(lyrics RH Weber/music RH Weber, S Delbaere, G vd Kolm, F de Jong)

Who do you think you are?
Standing there like that
Dressed up in your fancy clothes
Talking out of your head
You think you've seen tough times and that you're a self made man.
You forgot where you came from, forgot about your friends
You wouldn't know trouble if it looked you in the eye
You're a blind man
Keep your eyes wide open and keep your big mouth shut

I don't need your opinion
Don't care for what you say
All you need is attention to keep playing your game
You think Mr. Right is on your side
I'm telling you it's wrong
We're talking about people.
That's what it's all about
You don't need to tell me what I should do.
You better look at yourself
Keep your eyes wide open and keep your big mouth shut
Keep your big mouth shut

Blinded to the outside
Inside your little world
Where people get down up on their knees for opportunities
They'll say anything you want to hear just like you do
But that don't mean nothing
That's just bad attitude
You ain't nothing but an empty barrel making too much noise
Keep your eyes wide open and keep your big mouth shut
Keep your big mouth shut
Keep your big mouth shut
Keep your big mouth shut
Keep your big mouth shut
