

Let it roll

(Lyrics RH Weber music: RH Weber, G van der Kolm)

Rain is falling, falling down my face
The words that you told me
I can't make them go away
And I know oh yes, I know
I should have seen it coming
But that's just the way it goes
And I can't get over the way you broke my heart
I've never been a drinker
but tonight might be the night to start
Let it roll

He bartender bring me everything that you've got
Cause tonight is the night I'm going down so give me my first shot
And I know oh yes, I know
I should take it easy but that's just the way I go
And It's been this way ever since we fell apart
I've never been much of a drinker
but tonight might be the night to start
Let it roll
Let I roll

And I know oh yes, I know
I should have seen it coming
But that's just the way it goes
And I can't get over the way you broke my heart
I've never been much of a drinker
but tonight might be the night to start
Let it roll
Let I roll
