

Time to say bye bye

(lyric RH Weber music RH Weber, G vd Kolm, Stef Delbaere, M Pichel)

I told you mama a long time ago
You give it up or I will let you go
I'm a walking with my head up high

I ain't no clown you can mess around
What comes up I tell you will come down
I'm a walking with my head up high
You've been messing around for so long
You better get ready
Time to say bye bye

This is the last time, start using your brain
You know damn well this ain't no game
I'm a walking with my head up high
You've been messing around for so long
You better get ready
You better get ready
Time to say bye bye
Time to say bye bye
Time to say bye bye
Time to say bye bye
